

CADDIE INFORMATION SHEET

I would like to take this opportunity to welcome you to the Tuckaway Country Club Caddie Program for 2024. To better prepare you as a caddie, we have developed a thorough training program to help you become familiar with your responsibilities as a caddie. It is not a must that you play golf, however we do encourage you to play, as it will help you become more familiar with the game of golf and the golf course. We will be conducting our training sessions on the following dates:

| | | |
|--------------------|-----------|----------------------------|
| Saturday, April 6 | 3:00-3:30 | Registration / Orientation |
| Friday, April 12 | 4:30-6:00 | On course training |
| Saturday April 13 | 4:30-6:00 | On course training |
| Friday, April 19 | 4:30-6:00 | On course training |
| Saturday, April 20 | 4:30-6:00 | On course training |
| Friday, April 26 | 4:30-6:00 | On course training |
| Saturday, April 27 | 4:30-6:00 | On course training |
| Friday, May 3 | 4:00 | Final Exam |

Please be sure to sign in at each session. You must attend three of these training sessions before you can take the Final Exam but we encourage you to attend all training sessions to gain more confidence as a caddy.

Tuckaway Country Club enforces a strict dress code that applies to all members and caddies as well. This means collared shirts, tennis shoes not golf shoes, khaki pants or shorts. No jeans, T-shirts or gym shorts will be allowed, **please follow the dress code during all training sessions.** Caddies will not have to bring anything to the training sessions, but we do suggest you bring a small notebook to make personal notes as we go through each training session. We will not conduct training sessions during rain/snow.

After completing the training sessions, you will take a written test on what you have learned from the training sessions and the training manual. If the test is not passed on the first try, we will go over it with you and explain the mistakes you made. You will then be required to have an additional training session and retake the test.

Upon making the caddie roster those that are under the age of 16 will be required to obtain a work permit from your school. Tuckaway will reimburse you when the work permit is turned in and you have caddied your first time.

Any questions, call the pro shop (414)425-6570. Good luck and we look forward to you caddying at Tuckaway Country Club.

Sincerely,
Victor Jacinto, PGA Head Golf Professional
Keith Buntrock, PGA Lead Assistant Golf Professional
Tuckaway Country Club
